TANYA *Burke*

FOUNDER, TMB CONSULTING & SOLUTIONS

Put Burke to work for you.

ABOUT

I learned to code in my 40s, while living in a homeless shelter, days after emergency surgery. I went from homeless to six figures in tech with no college degree. My whole life I have walked into rooms, seen what was missing, learned what it took, and built it. The only constant through all of it was God.

Psalm 23 carried me through every season. "Surely goodness and mercy shall follow me." I have learned they are not just following. They are chasing me, looking for opportunities to show up.

People tell me, "I want to know the God of Tanya." *Come on. You can know Him too.*

HOW SHE DELIVERS

Plain language. No deep exegesis, no ten dollar words. Call and response warmth. She teaches so simply a child can follow it, because everybody deserves to get it. Every talk ends with identity anchored and a next step in hand.

SIGNATURE TALKS

01 Heathen Saved By Grace

The worth message. A woman awakening to who she is in Christ, the price He paid, and what God says about her value. For the woman who has been giving herself away for crumbs. This one is the heartbeat.

02 Goodness Is Chasing Me

The Psalm 23 testimony. For anyone in the hard middle who needs to know God is still making a way, still opening doors, still taking limits off. Story first, then the invitation.

03 Don't Beat Yourself Up

For women who feel scattered, behind, or "too much." Imposter syndrome in technical roles. ADHD in businesswomen. The low iron story that almost cost me everything. Encouragement with a practical next step, never buried in jargon.

04 Support Services

For leaders and ministry teams. The behind-the-scenes builder on how operations carry the mission: see the gap, learn the tech, fix it, teach the people.

Don't beat yourself up. We don't do that here. Be who you are.

Walk in what He called you to walk in.

AUDIENCES

Women's events · Faith gatherings · Church groups · Conferences · Youth programs

FORMATS

Keynote · Workshop · Panel · Prayer and encouragement sessions

Book Tanya

Initial speaking inquiries welcome. Come on, let's talk about your event.
